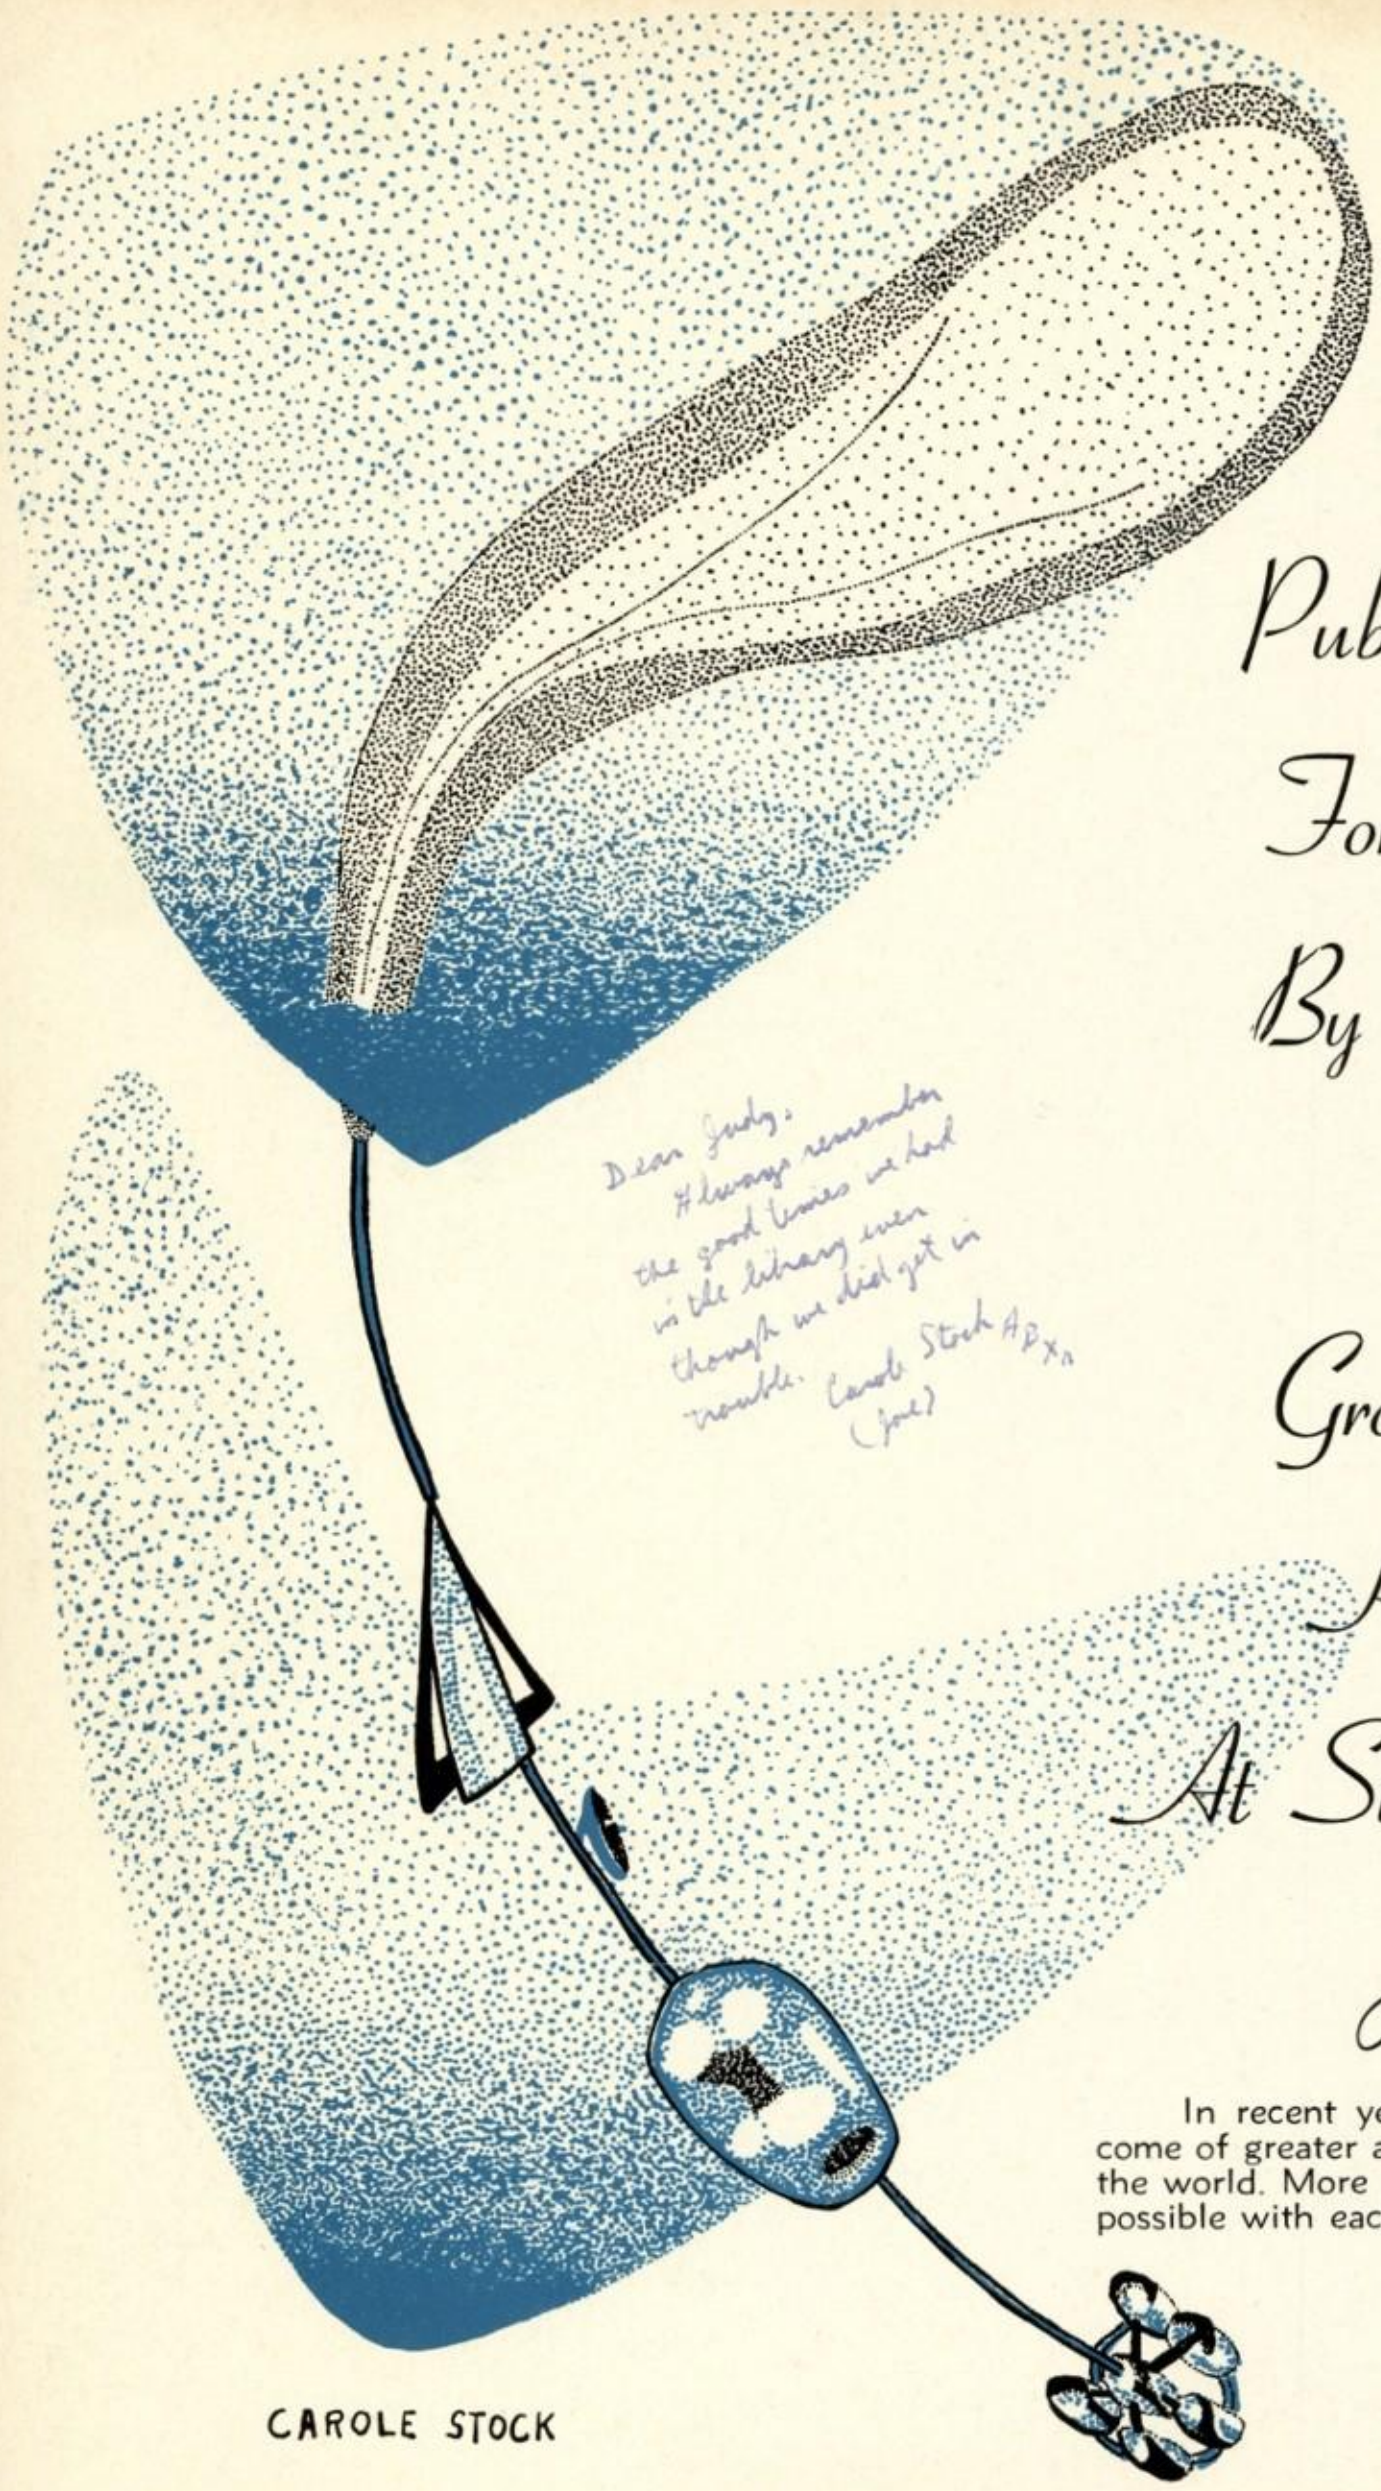
BEACON 1958

I.G.Y. observers have observed sunspots during 1957-58 hoping to discover their origin, since at times they cause auroral outbursts and radio disturbances in the earth's atmosphere.



The Beacon

Published For The Forty-Fifth Year By The Students Of The Grover Cleveland High School At St. Louis, Missouri

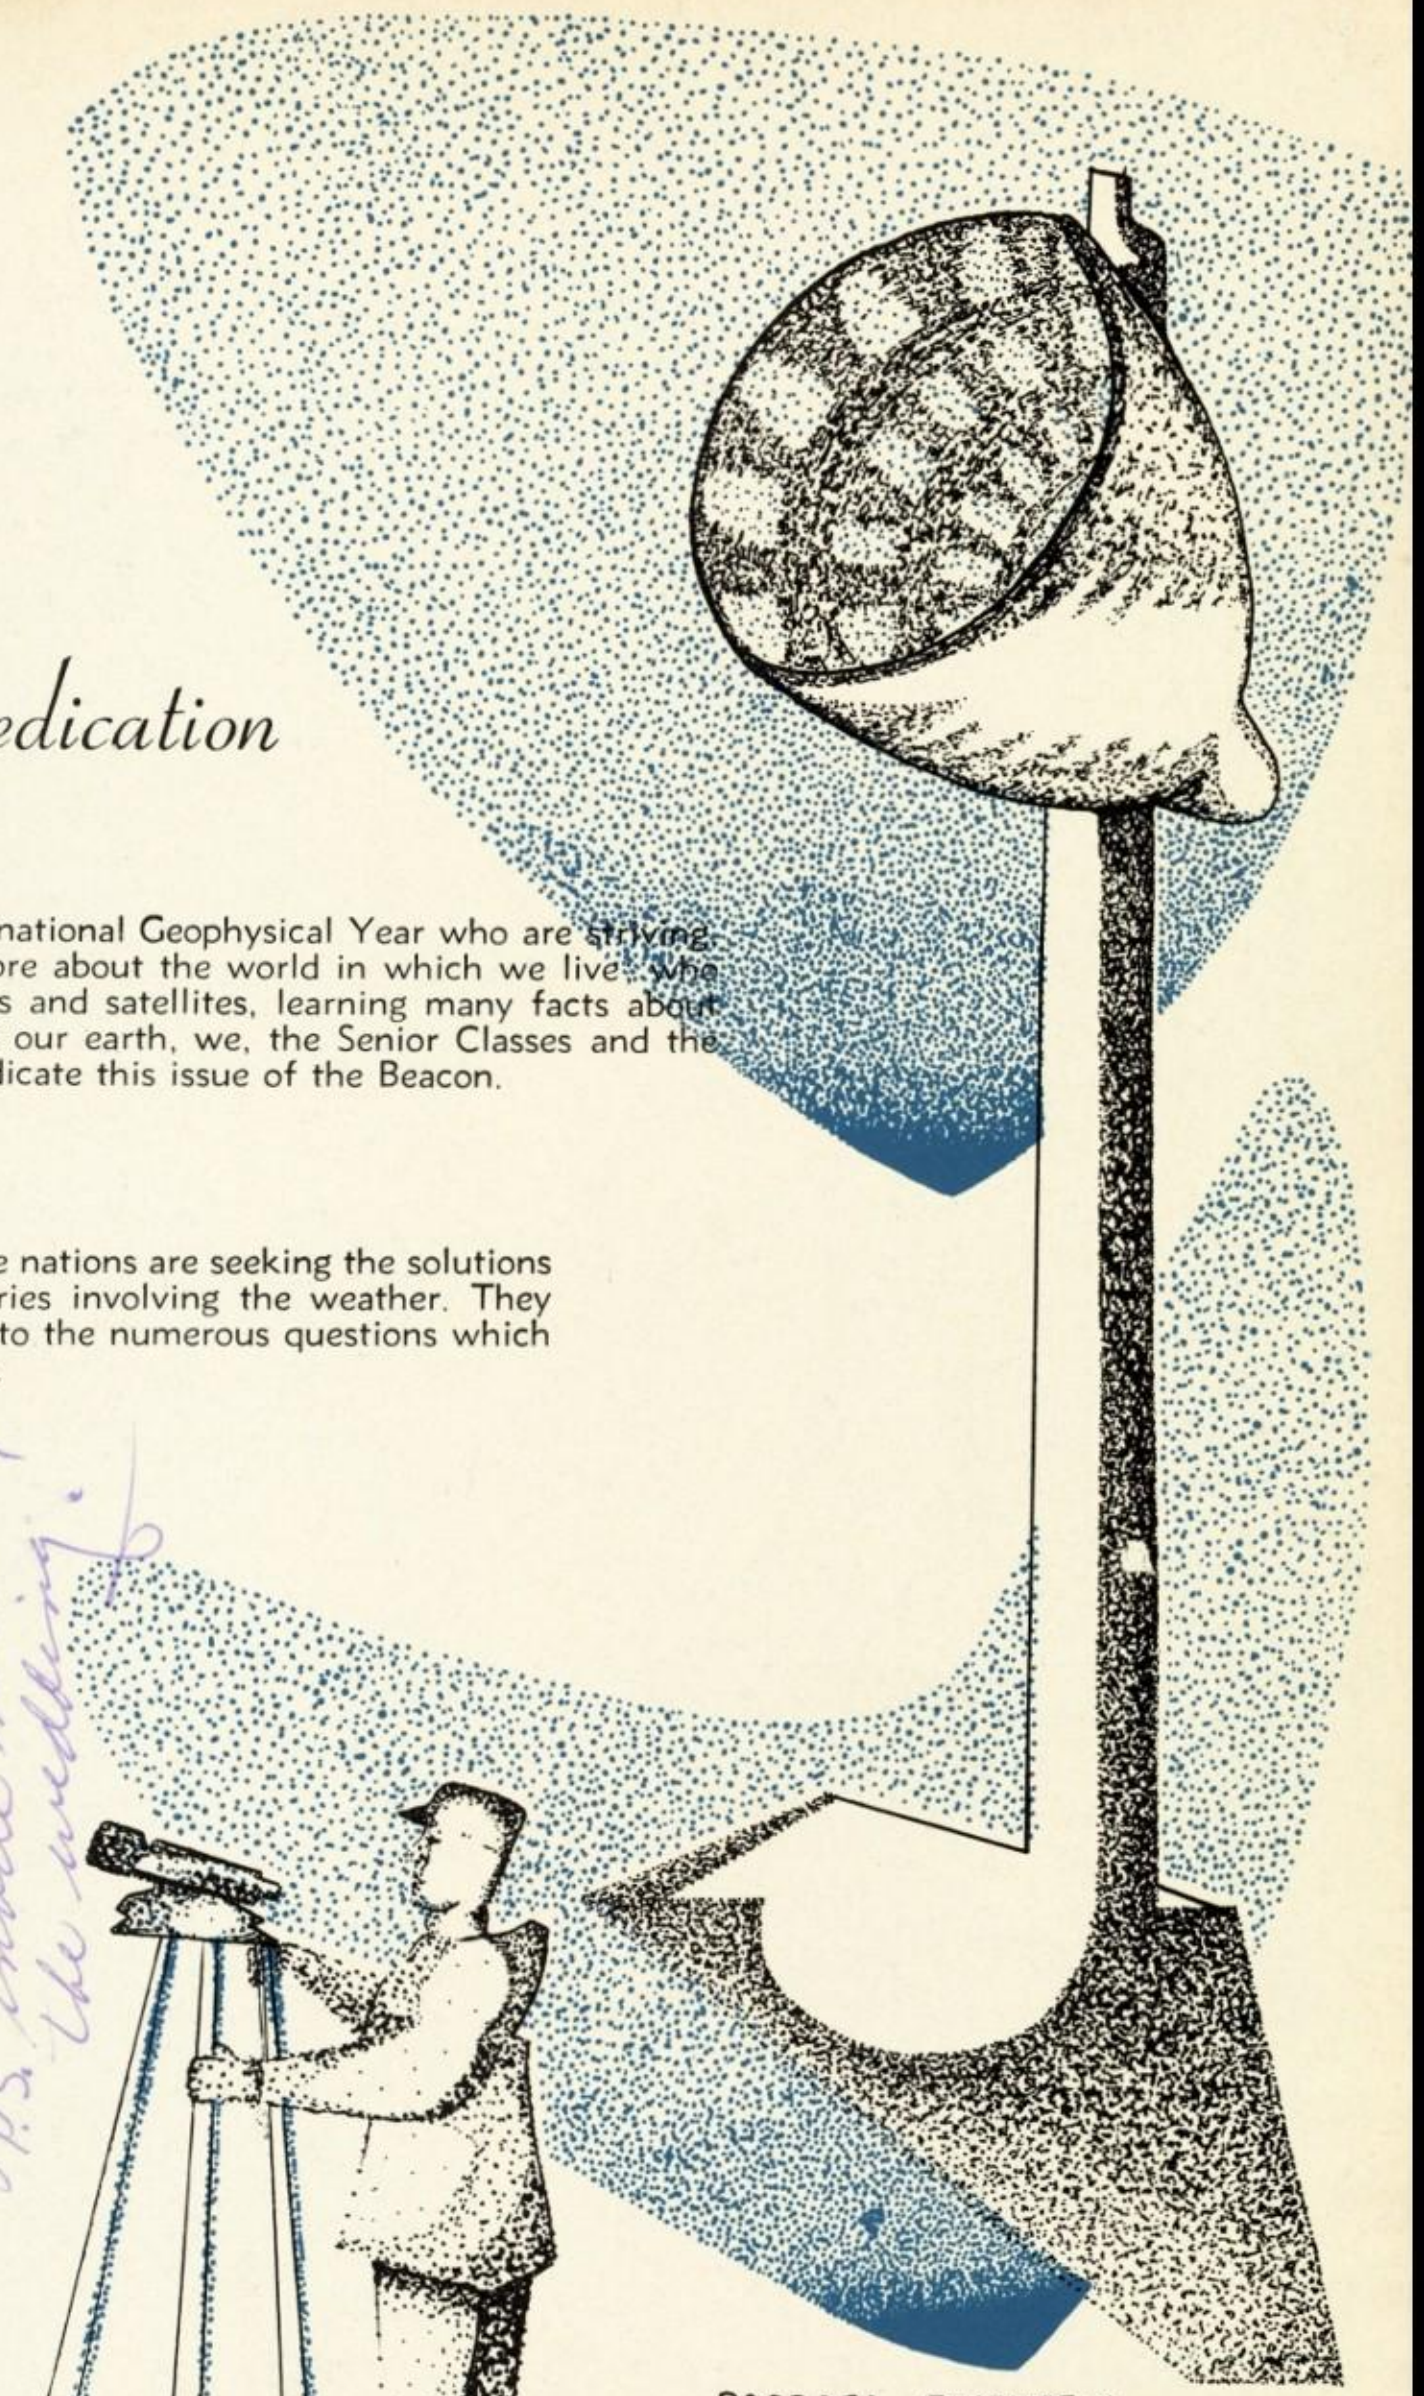
June, 1958

In recent years the study of the weather has become of greater and greater importance to the people of the world. More accurate and longer forecasts are made possible with each new discovery or invention.

Dedication

To the scientists of the International Geophysical Year who are striving, through united effort, to learn more about the world in which we live; who are, by the use of rockets, missles and satellites, learning many facts about the vast unknown which contains our earth, we, the Senior Classes and the Beacon Staff of 1958, proudly dedicate this issue of the Beacon.

Scientists of twelve nations are seeking the solutions to the countless mysteries involving the weather. They are tirelessly probing into the numerous questions which as yet have no answers.



BARBARA ECKENFELS

Foreword

Since scientists all over the world have united during the current school year, 1957-1958, in an effort to discover and reveal the secrets of the planet on which we live and its relationship to the vast environment in which it rotates, and since this project constitutes one of the many fields of endeavor in which many of us are now training ourselves to carry on, the Beacon Staff feels that the International Geophysical Year affords an excellent background for the portrayal of the activities which have occurred at Cleveland in the past year. The Beacon Staff sincerely hopes that this faculty and student body will look favorably upon and enjoy this, the 1958 Beacon.

Satellites have opened to the world a glimpse into the threshold of space. These explorers of outer space will transfer the secrets of the heavens by radio and electronic waves. This information will be used when man, and not his instruments, travels through space.

One of the most publicized activities of the International Geophysical Year was the launching of the space satellites, marking man's first conquest of space.

Pictured here is the Explorer I, launched on January 31, 1958.

Administration

Co-operation between nations, as illustrated here, is vital to the success of the International Geophysical Year. Scientists from twelve nations have united with no purpose of conquest or aggrandizement. They share with their comrades from other lands, their data and discoveries; their equipment and supplies; and, perchance, their hardships.

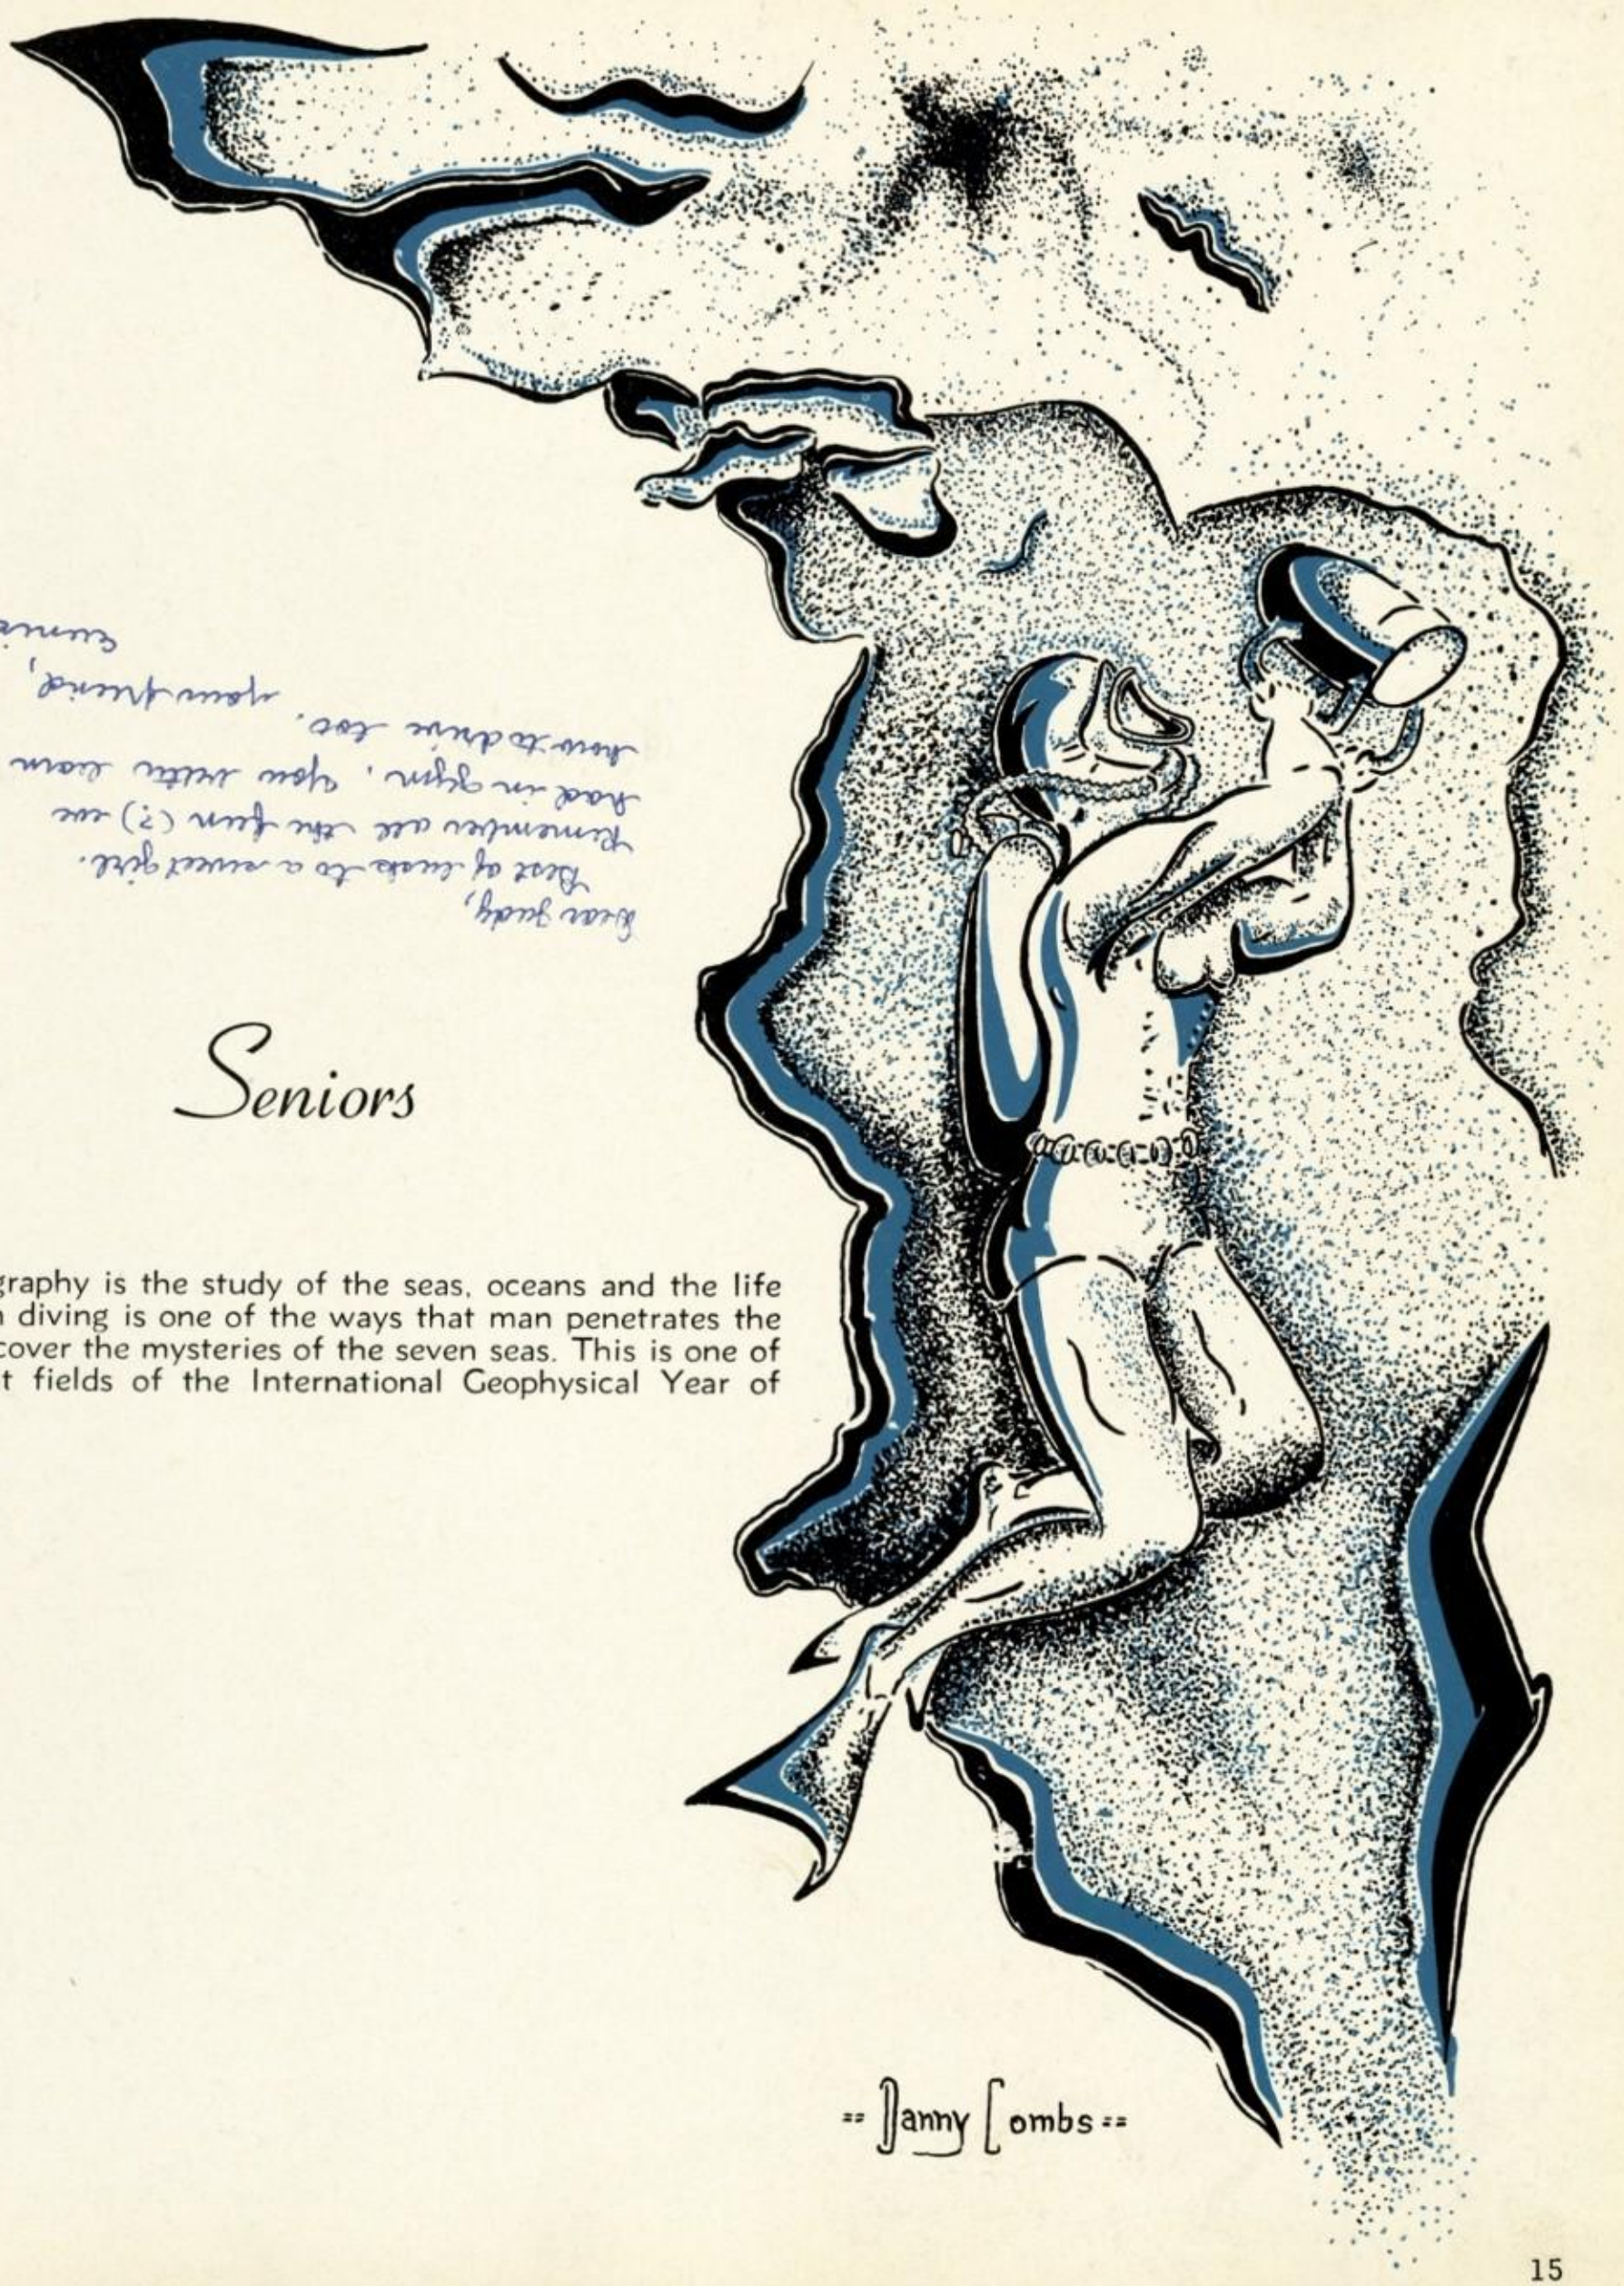
Seniors

Oceanography is the study of the seas, oceans and the life in them. Skin diving is one of the ways that man penetrates the depths to discover the mysteries of the seven seas. This is one of the important fields of the International Geophysical Year of 1957-1958.



To The 1958 Senior Classes

Happiness isn't something you experience, it is something you remember. As you turn the pages of this book now and in the future, faces and events pictured here will recall for you the many happy hours you spent in Cleveland High School.

It is our hope that not only the happiness will be remembered, but also the lessons you learned in the class rooms, in athletic and other events, and in your associations with each other. As you Seniors leave us, may our motto—"Honesty, Industry, Loyalty, Courtesy"—be an integral part of your thought and being.

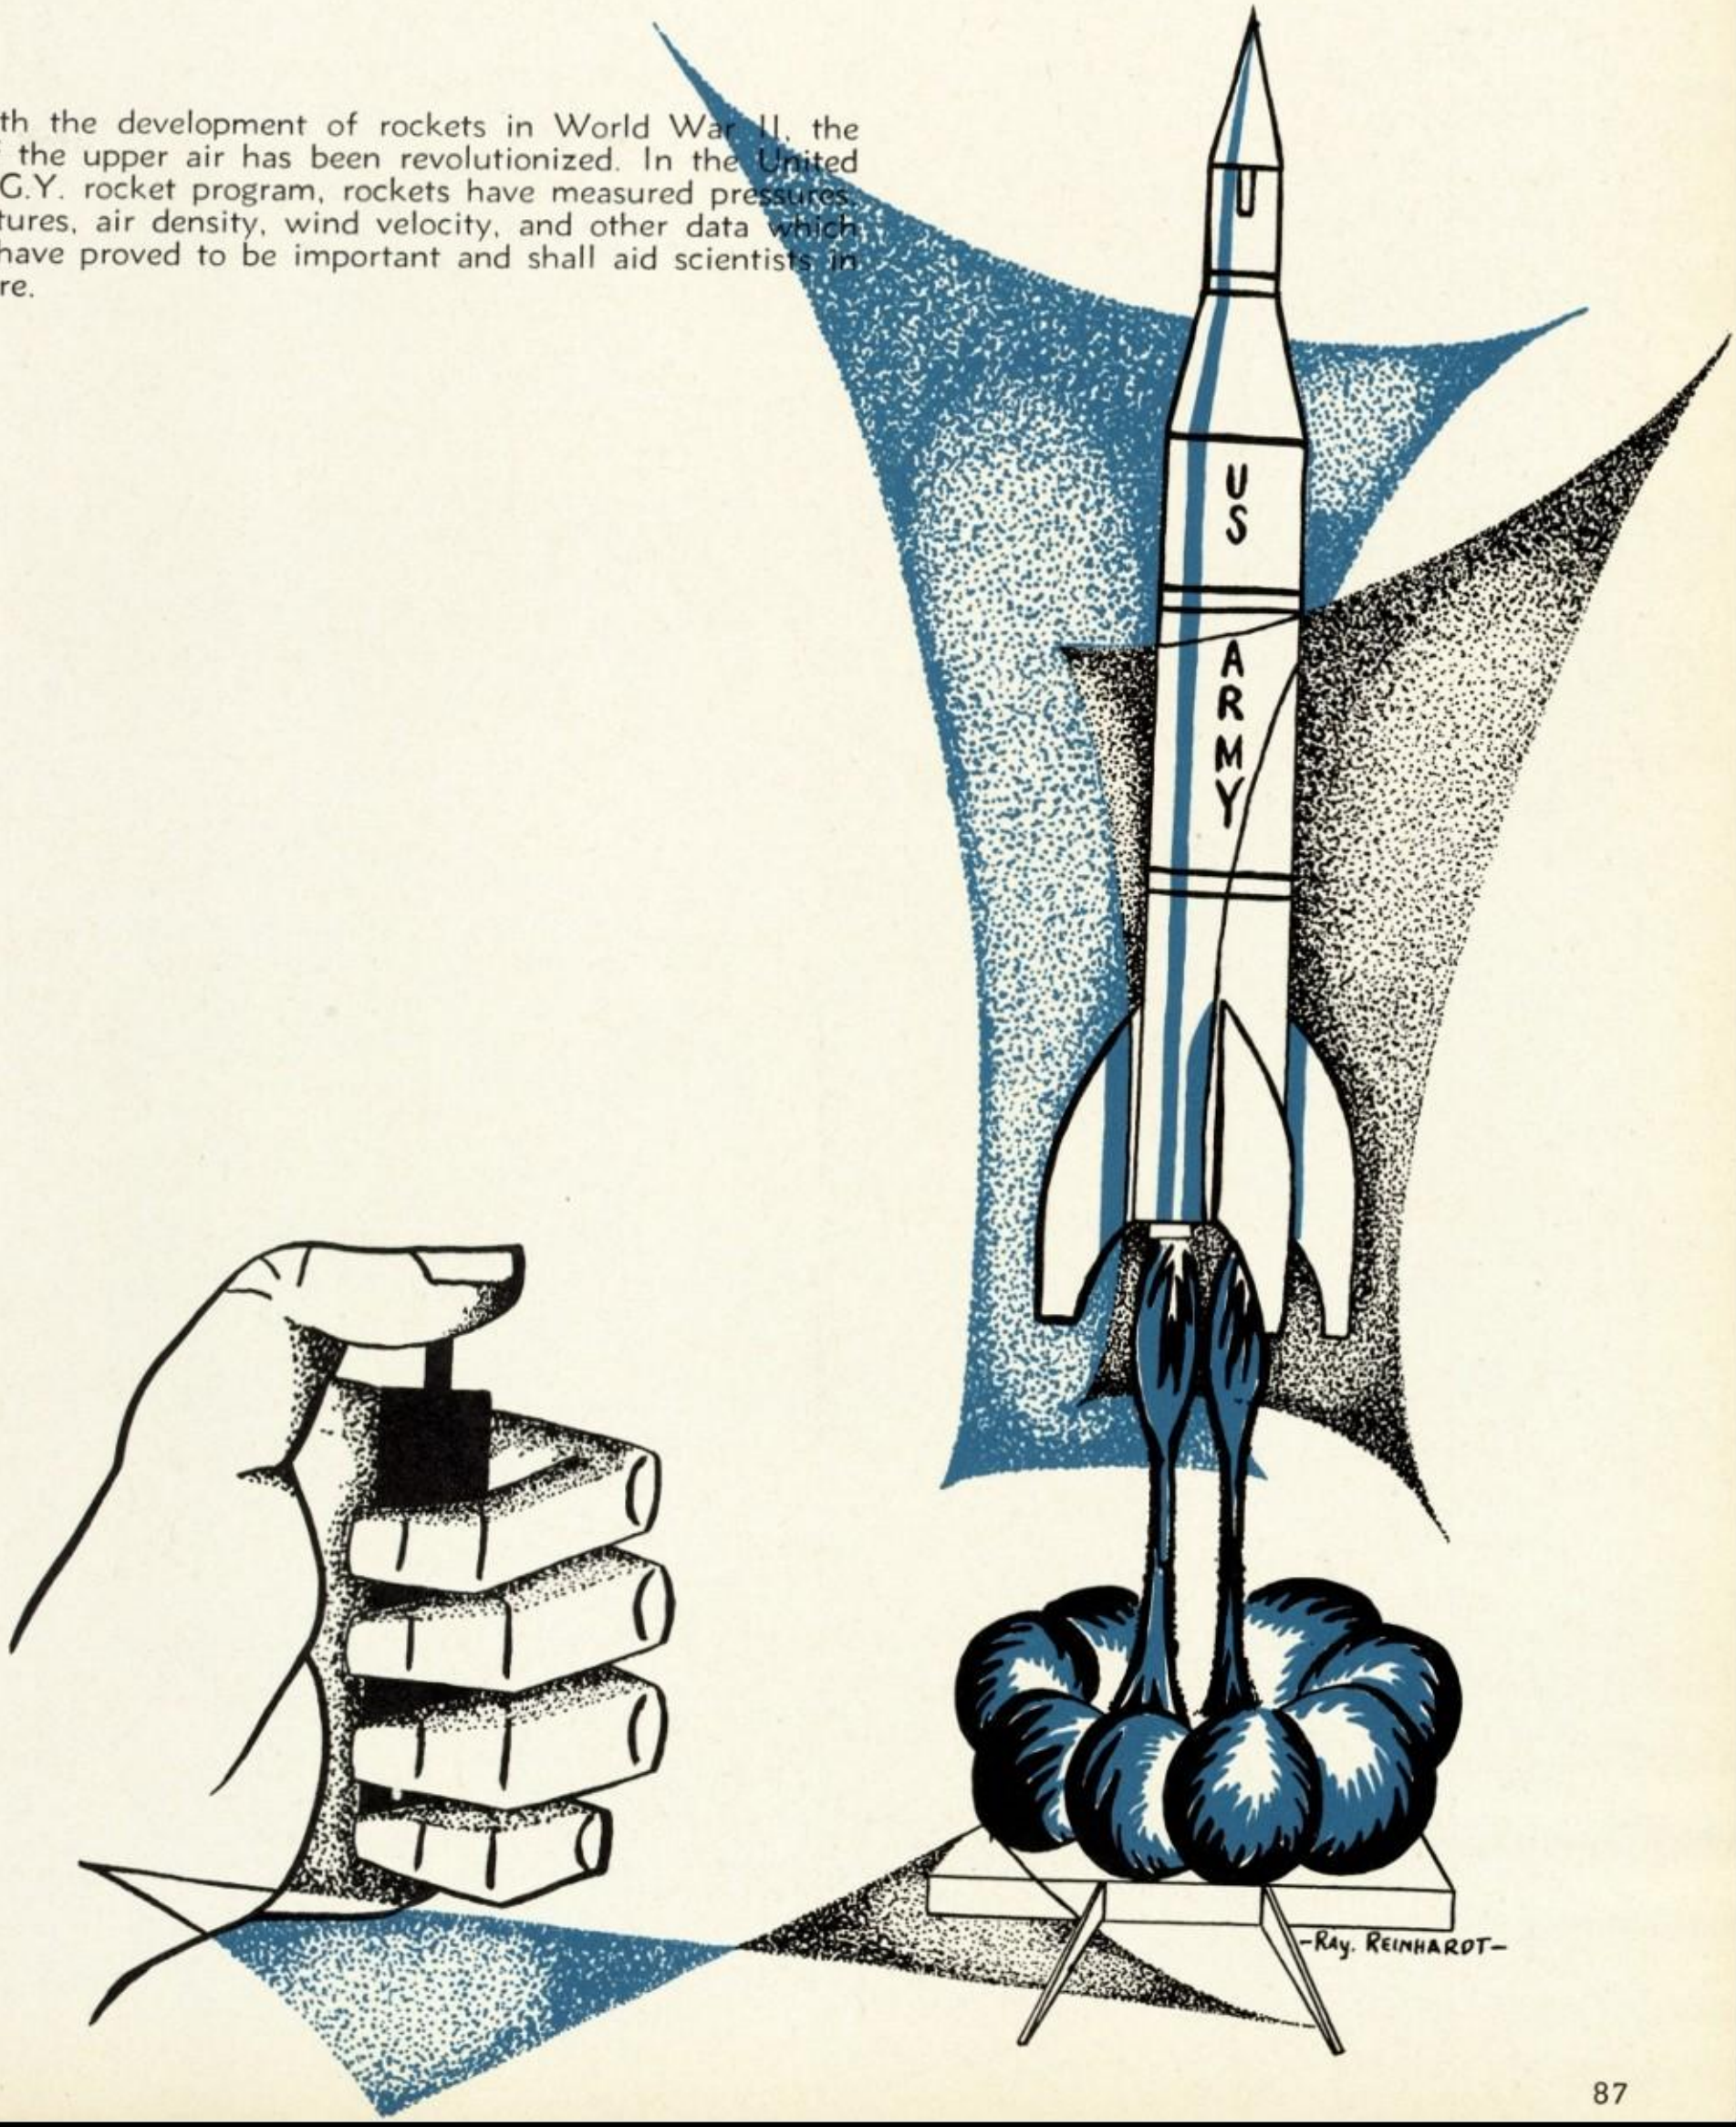
With the development of rockets in World War II, the study of the upper air has been revolutionized. In the United States I.G.Y. rocket program, rockets have measured pressures, temperatures, air density, wind velocity, and other data which already have proved to be important and shall aid scientists in the future.



The Beacon Staff

Editor .....Barry Herr
Associate Editor.....Linda Virga
Business Manager.....John Dyn
Asst. Business Manager.....Roger Metz
Photographers .....David Pelant, Barry Morris

Row One: John Dyn, Virginia Kettler, Barry Herr, Linda Virga, Jim Thompson, David Pelant. Row Two: Jo Ann Romike, Mary Lou Lenhardt, Sue Miller, Deanna Feigenbutz, Kathee Mangan, Jo Ann Reisner. Row Three: Clyde Nabe, Craig Donis, Al Trost, Dale Collier, Don Ellerbusch, Ken Ebner, Barry Morris. Absent: Roger Metz. Added in mid-year: Karen Edele, Larry Oberle, Judy Parrott, Lavern Sasseen, Marilyn Young.

The 1958 Beacon Staff, led by the Editor, Barry Herr, and aided by the Associate Editor, Linda Virga, has endeavored to produce as modern and up-to-date book as possible. We have attempted to utilize the newest methods and ideas available in striving to produce the most distinctive Beacon ever. Backing our own energy has been the advice and assistance of our loyal sponsor, Mr. Marchesseault. We sincerely hope that the students, faculty, and friends of Cleveland High School will enjoy the 1958 Beacon, and treasure it always.

Beacon Art Staff

In 1958 the Beacon Art Staff in conjunction with the Beacon Editorial Staff has chosen the "International Geophysical Year" as the theme for the art division pages. Extensive research was made on the part of the staff to further acquaint themselves with the purposes and ideals of the I.G.Y., before they could even begin to think of putting ideas on paper. Each member of the staff, led by Jim Thompson as Art Editor, received one of the division pages which was to become his own personal project.

Row One: Carole Stock, Phylis Kehres, Karen Bonham, Claire Keys, Barbara Eckenfels, Sandra Tyrpak.
Row Two: Lionel Feeney, Jim Thompson (Editor), Ron Yanker, Ray Reinhardt, Edward Evers, Dan Schiele.

To aid in making the 1958 Beacon a success, a precedent had to be set concerning the art work. The means to this end was original color layout work. Color has added an entirely new dimension to the art pages and has brought a truly refreshing improvement.

The Beacon Art Staff sincerely hopes that it has helped to explain the important phases of the "International Geophysical Year," and that the faculty, students, and friends of Cleveland High School will enjoy them.

The Orange and Blue Staff

Throughout the 1957-'58 semester the Orange & Blue Staff has endeavored to carry on with its established successful years by bringing to Cleveland wholesome news and entertainment of interest to the students. The issues have been filled with timely editorials, school projects, and now and then a little humor. The O. & B Staff sincerely thanks those people who have consistently supported its activities and results throughout the year.

Earth tremors and their resulting "tidal waves" have long been of interest to the geologists of the world. During the International Geophysical Year scientists are being given the opportunity to make studies of these occurrences in remote areas of the globe.

"Take it from the beginning"

Zoom up to 300 after a bit of lunch to practice for the Song of Norway this time. Before that it was the annual Easter program, and then the past winter there were the many special Christmas performances to rehearse, and, of course, the big Christmas programs. Quite a lot of songs in our repertoire after a year, but you really don't remember the hours of practice—only the thrill and sense of accomplishment of performing well. And it was worth it!

Worth it if you think of the many friendships you've made. Worth it if you recall fond memories. When you sing Auld Lang Syne for the last time, you sadly realize that this is the close of a most rewarding chapter in your life, and you sense that intangible something which makes A Cappella mean so much to so many.

Guided and inspired by Miss Mann, we have tried to follow the fine traditions of A Cappella and meet its standards and ideals—character growth and spiritual development through music.

Mutual admiration society?

The Hi-Fi Band

How high the Fi? The highest! You will thrill to the dance band's revolutionary new sound brought to you through the development of the exclusive Hi-Fi. The older of the current C.H.S. novelty bands is the sensational Hi-Fi Band. On many occasions such as school dances or aud sessions, you may already have thrilled to the music produced by this group, music with a third dimensional sound that is out of this world. Never before such Hi, never before such Fi.

Of course you have read about the beeps of the satellites, but these are practically nil alongside the sounds of the Cleveland Satellites whose sounds are nothing short of fabulous. This is a swinging group which plays for dances and just plain listening entertainment. Although relatively new, the group has recently played five concerts in the elementary schools as well as at the very successful Valentine Dance. All members of the Satellites have come from the Concert Band where they have gained experience and proved that they have the fine material required for membership in the Satellites.

The Satellites

Row One: Louis Campbell, Rich Ehlers, Barbara Reisner, Jim Schaefer, Thomas Burjeck, Marilyn Bloom, Alice Rolling, Walter Buchholz, Kenneth Romines, Harold Simon, Charles Beech. The Concert Band is like a launching pad for the various musical instrumental groups. From it we get the Hi-Fi, Satellites, Beach Comber, and Orchestra members. As a Concert Band the members put on concerts and play for many auditorium sessions. As a marching band they are in many parades on special occasions such as Labor Day, Memorial Day, and Clean Up Day. They also play at football games, coronations, and tours to elementary schools.

Anyone who has musical ability or is interested in music may join the band. One does not have to have previous training to join the band.

Audio-Visual Club

The Audio-Visual Club is a service organization under the leadership of Mr. Herald M. Doxsee and Mr. Carl E. Briggson, who give their time and assistance whenever needed. One division of the club is the stage crew which you may never hear about, but the results of which are evident at auditorium sessions, dances and other programs at Cleveland. The stage crew is always behind the scenes making the programs more successful by insuring good lighting and sound effects at each performance.

The members of the club are able to operate the various movie projectors, the tape recorders, slide and film strip projectors and the two opaque projectors. The members give up their study halls to serve the school, receiving only service credit and awards as their credits accumulate.

Biotic Trail Club

The purpose of the Biotic Trail Club is to plan opportunities for high school students to deepen their understanding of, and appreciation for, the world of living things by learning to enjoy nature and the out-of-doors and by encouraging self-directed experiments and activity. The student is enabled to follow his own special interests in the area of biology and related fields to an extent not possible in regular class work.

The club was organized last November under the sponsorship of Mr. Terman, a newcomer to the C.H.S. faculty. The club membership is divided into interest groups which meet week days after school. The complete club assembles, in turn, for a monthly program which features an informative movie or discussion led by a biologist who is considered an authority in his field.

Any C.H.S. student in good standing with the recommendation of his advisor is eligible for membership in the Biotic Trail Club.

Boys' Bowling Club

With each roll of the ball, you can tell the Cleveland ten-pinners are on the scene. The Boys Bowling Club is successfully scoring up its third year. Under the able leadership of Mr. Beckerle, the club has grown into a large organization. All Cleveland teams are represented on the alleys as each team tries for first place honors.

The Boys' Bowling Club meets once a week and bowls from the fall to the spring of the year. During the Christmas season, a Christmas Tournament is held. For this tournament and the bowling league, trophies are given to outstanding participants.

Since bowling requires moderate physical activity, the club hopes that this will develop a source of recreation to be enjoyed by all age groups. Bowling also helps to develop team spirit.

The Distributive Education Club was first started at Cleveland in September of 1956 and has very recently been affiliated with the State D.E. Club of Missouri. The purpose of our club is to further develop capable and professional leadership among its members who will soon assume important responsibilities in the field of distribution. Our D.E. Club attempts to help the members develop an understanding of the many problems in retailing and to encourage them to give their best in time and effort on the job. It further attempts to interest members in that phase of retailing in which their abilities may be developed to the best advantage and also to strive for the development of proper co-operation between members and their fellow employees.

One of the D.E. Club's recent activities included the State Convention, which was held on March 4th and 5th at the Melborne Hotel in St. Louis. Many of the students in the D.E. classes participated in some of the contests: the sales contest, fashion show, math and spelling contests, and window displays. The convention proved a valuable experience for all D.E. students.

Dramatic Club

Since the recent organization of the Dramatic Club, its members have worked long and faithfully on many projects. These have consisted of various monologues, skits, and the play "Way Way Down East." In order that the organization may devote a great deal of time to these activities they hold meetings every Tuesday afternoon, at 3:30, in Room 2, under the capable leadership of Miss O'Connor, a relative newcomer to the "Red Castle" faculty.

Future Teachers of America

F.T.A., in affiliation with the National Education Association, was first organized in November, 1957 by Mr. R. Waggoner. Its purpose is to help young people explore teaching as a career. To achieve this we have organized into committees: Service (civic work), Membership (publicity), Social and Program.

This year, our representatives have attended the state teachers' meetings in Jefferson City; the regional county workshop; a Harris Teachers' College tour and other similar activities with Southwest and Bayless High School. Also, guest speakers have told us much about the teaching profession.

The Cleveland Girls' Bowling League was the first such league for high school girls in St. Louis. Each year since its start it has become increasingly popular and successful. This year the teams are entering their 13th national tournament. In the past, Cleveland coeds' teams have demonstrated their skills by placing 3rd in the nation and by becoming state champions on two occasions.

At the end of each season many of the girls receive trophies and awards for their many fine achievements. In competing for these awards, eight teams, the advanced bowlers, bowl on Thursdays, and six other teams roll on Wednesday.

The Key Club of Cleveland High School has celebrated its third anniversary. The club, although still in its infancy, has contributed much toward the building of Cleveland and the surrounding community. Our club is just one of thousands throughout the nation. Our motto: "We Build" typifies the spirit of the Key Club members, who strive to become future leaders through service.

The Key Club has completed many successful projects including the second annual Faculty-Key Club Basketball Game, which featured the crowning of the "Ugliest Man." The purpose of this activity was to help pay for the new trophy case. We also sponsored a carwash to obtain funds which we used to supply four needy families with Thanksgiving dinners.

The Key Club is sponsored by the Southside Kiwanis Club and every Friday we send two members to their meeting, just as they send a Kiwanis member to our meetings. As an extra added attraction the two Key Clubbers receive a free dinner.

The backbone of the club is the sponsor, and it is the unanimous opinion of the Key Club members that Mr. Julian is the best sponsor in the world. Under his guidance the club has continued to climb in importance.

This spring was the second anniversary of this organization. As with all new organizations unforeseen problems and obstacles arise, and each in turn had to be met and conquered. Everyone is proud of the fine record of this group of boys and knows that they have diligently worked to achieve their goal of higher standards in sports and the development of better relations between the faculty and the athletes.

The privilege of belonging to the Lettermen's Club is limited to those boys who have earned a varsity letter in a sport approved by, or which receives benefits from, the St. Louis Public High School League, such as football, basketball, baseball, track, cross-country, swimming, tennis, and gym team.

Have rifle, will travel to any competitive tournament in the St. Louis area! This is the ideal of the Rifle Club members interested in target shooting. Having ability to shoot is not a prerequisite for any boy or girl joining the clubs. Fundamentals and techniques, as well as courtesy in competition, is very ably taught by our capable coach, Mr. Julian. Not only do we learn the proper method of handling a rifle, but new friends are gained at other schools through tournament participation.

The Sharpshooters Club was one of the few rifle clubs for girls in Missouri, and was originally coached by Mr. Svoboda, now principal of Cleveland High School.

Spanish Club

The Spanish Club is under the able direction of Mr. Hall. It is one of the finest organizations to which one who wishes to further his Spanish education can belong. The object of the club is to help the students have a better understanding of the Spanish people, their customs, pleasures and, most of all, their language. Due to the fact that most of the members do not speak Spanish fluently, all of the meetings are conducted in English. There are two main events in which the Spanish Club participates throughout the year. The first is the picnic to which we invite the Webster-Hayne Society. Then there is the Christmas Party to which we are invited by Webster-Hayne.

The club meets on the second and fourth Wednesdays of every month in Room 4, at 3:20 p.m. Whether you be a beginner or an experienced veteran in the Spanish language, you are cordially invited to attend our meetings at the soonest possible time.

Dan Schiele, Curt Schild, Kathy Yavornik, Rita Mauchenheimer.

Webster-Hayne offers an unusual opportunity to freshman and senior alike. No other club has a more diversified and interesting gathering of students than this club. Every Thursday afternoon the club meets, as it has done for more than forty years, and discusses or debates topics from the all-important to the seemingly least vital. But nothing is really trivial, as any Webster-Hayner will attest. Sometimes an insignificant discussion will draw forth that unusual humor and outstanding logic that is necessary for success in public speaking. The important fact is that Webster-Hayne offers opportunities to develop public speaking.

Dad's' Club

Left to Right: Mr. Henry Herbst, Treasurer: Mr. Fred Kulik, President: Mr. Allan Wetzel, Vice-President; Mr. J. Lind, Secretary.

The Dads' Club of Cleveland High School is a group of men which promotes the welfare of the students of Cleveland. The purposes of this group of dedicated dads are to support sportsmanship among all athletes at Cleveland; to encourage good relationships and more understanding among the family, students, and faculty; and to urge more students to participate in athletics.

To accomplish these goals the Dads' Club sponsors many activities and projects throughout the school year. Two Lettermen's banquets are held each year, at which both boys and girls who have participated in athletics receive recognition. The annual card party is held each fall and of course there's the Annual Spring Carnival, an event to which everyone looks forward. Everything from throwing pies to fishing in the fish pond can be done at this high spot in Cleveland's social activities. The funds raised at these events go toward the purchasing of trophies, equipment, and maintaining school spirit.

Cleveland students are proud of the dads who are members of the Dads' Club. Those men who are not already members are urged to join in the enjoyable and beneficial activities of this organization.

Cleveland Parents' Association

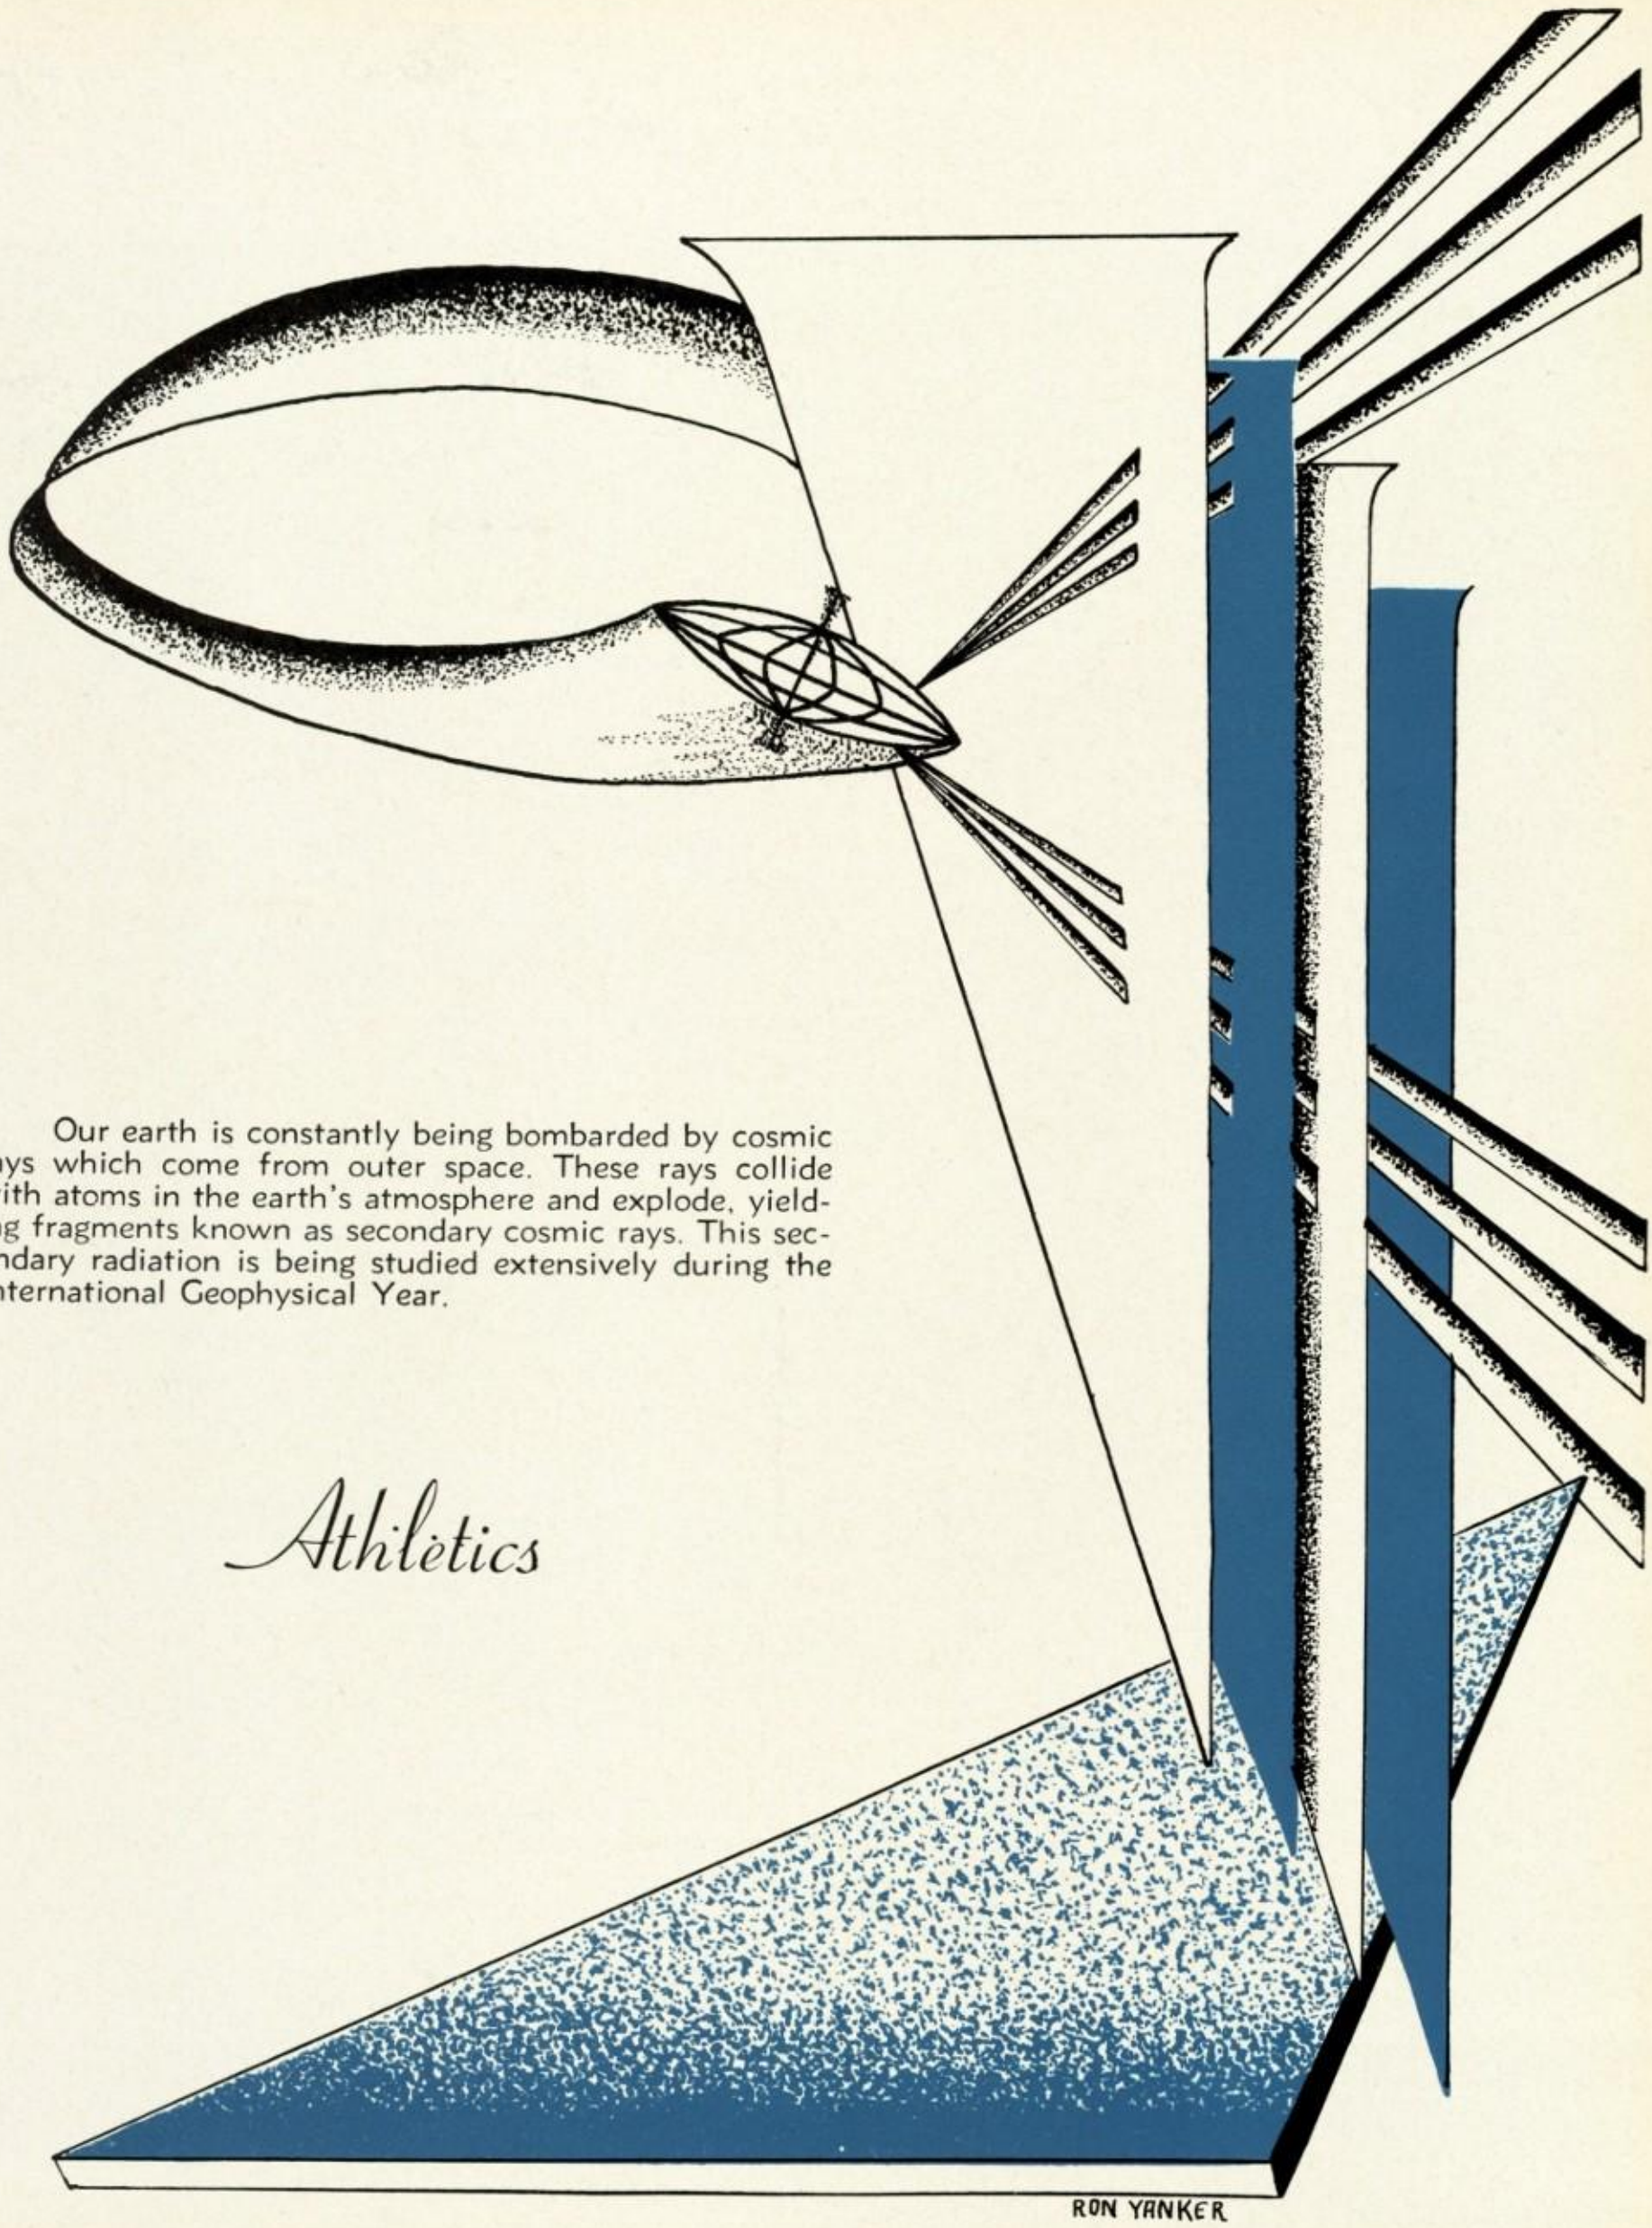
Left to Right: Mr. Al Smith, Treasurer; Mrs. Mabel Lind, Recording Secretary; Mrs. Fred Pelant, Vice-President; Mrs. W. Dittrich, President; Mrs. Marie Donis, Corresponding Secretary; Mr. Fred Pelant, Sgt.-at-Arms; Major Robert A. Dukes, Patrons Alliance Delegate. Absent: Mrs. E. Bonham, Patrons Alliance Delegate.

The Cleveland Parents' Association works toward the goal of new and better understanding among parents, teachers, and students. With the achievement of this goal, these groups will be able to cooperate more intelligently, thereby bringing about the development of good citizens, and more perfectly rounded individuals.

In order to accomplish the purpose of the Association, this group works in conjunction with the Dads' Club when the joint efforts of both groups are required. Among the activities which aid in the development of the pupil are Freshmen Night and the Senior Party.

The Association also holds a card party, the proceeds of which are used in buying needed athletic equipment, trophy cases, and audio-visual aids not supplied by the Board of Education. In this way the Association is able to supplement the ordinary services of the school.

Non-members are urged to attend the meetings of this group on the third Thursday of each month at 8:00 p.m. at the school.



Our earth is constantly being bombarded by cosmic rays which come from outer space. These rays collide with atoms in the earth's atmosphere and explode, yielding fragments known as secondary cosmic rays. This secondary radiation is being studied extensively during the International Geophysical Year.

The Season

Alumni

The Dutchmen made a fine showing against the Alumni in the traditional Varsity-Alumni game, but as the buzzer sounded the Dutch found themselves on the losing end of a 54-53 score. Captain Bruce Mills scored 25 points for the Castle Cagers.

Crystal City

Playing on the opponents court, the Cagers chalked up an easy victory in the first official game of the season. The score was 67-55 and Mills paved the way with 20 points.

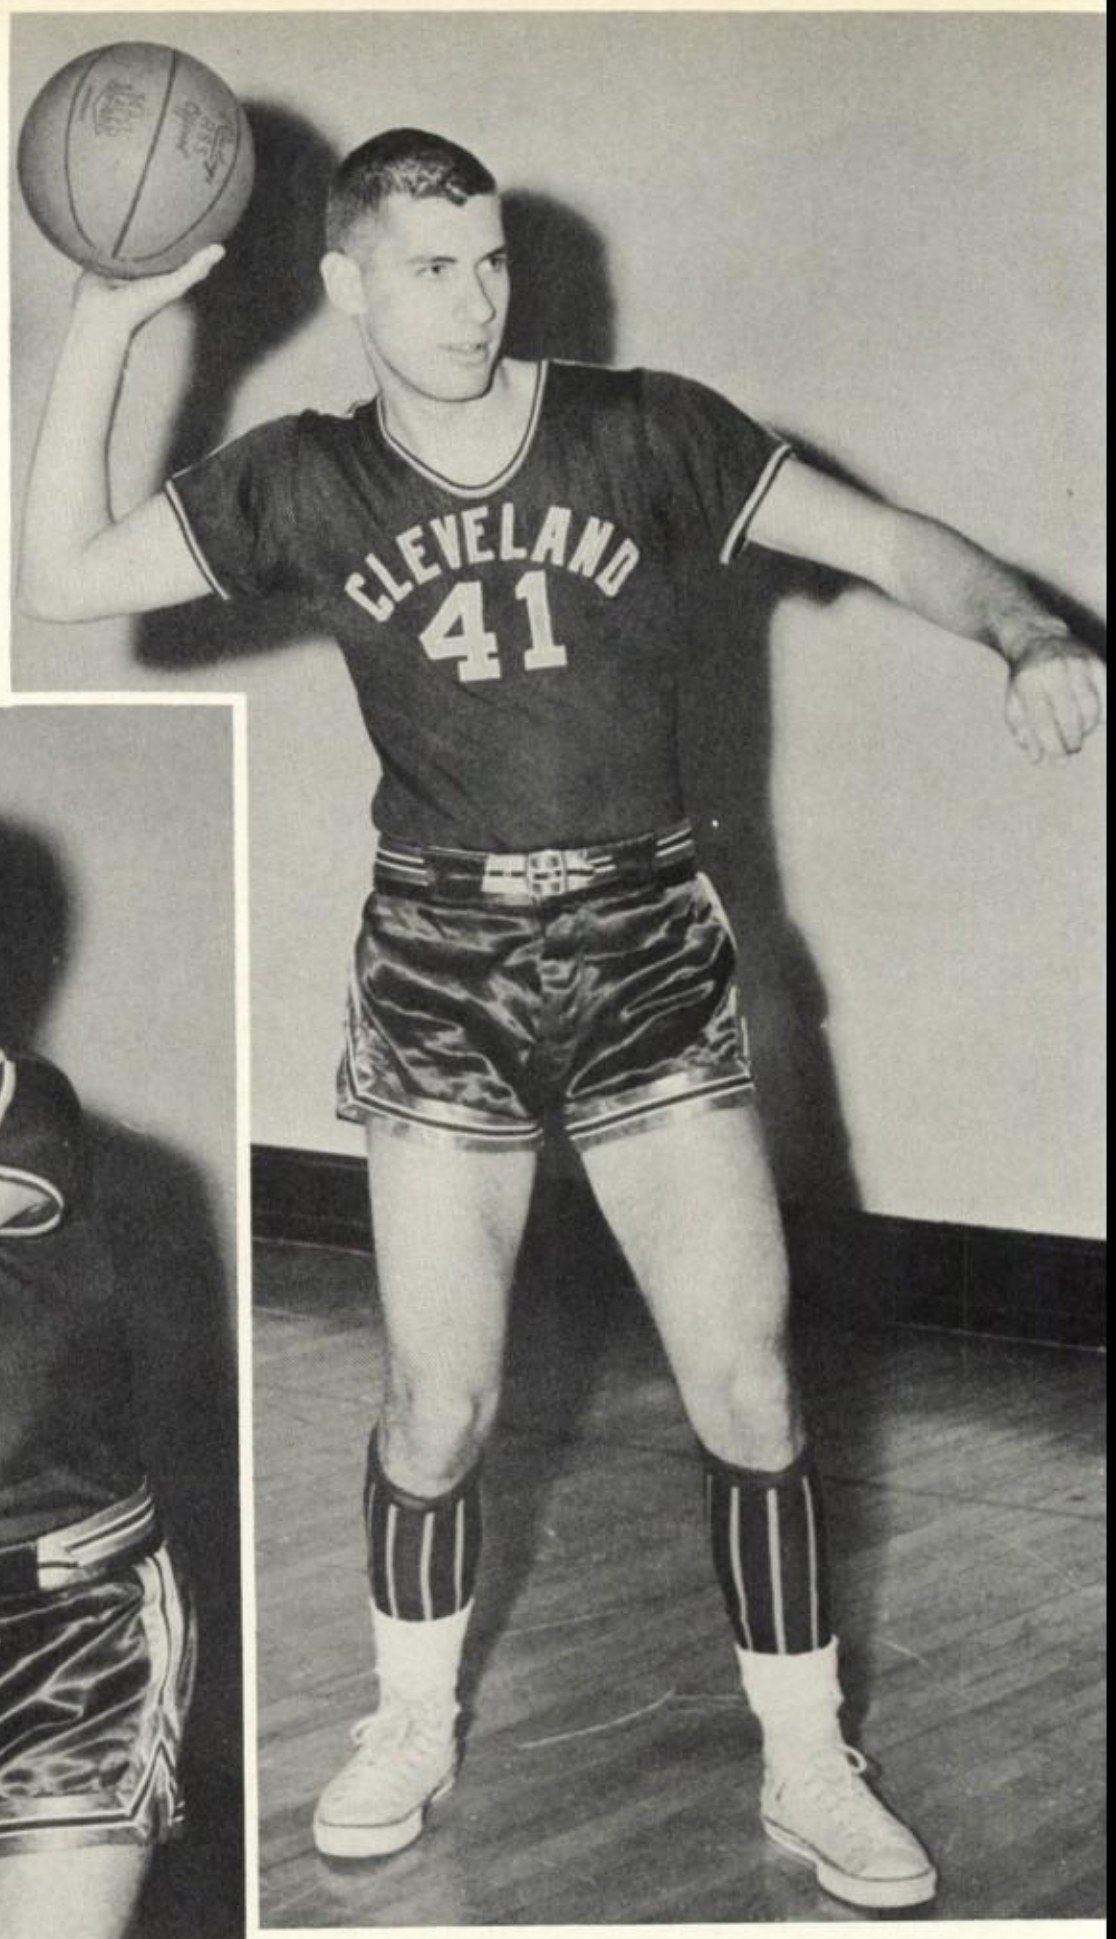
Playing a fine game, the Dutch defeated the Pioneers 55-53. Three Castle Cagers scored in double figures. They were Carl Weber with 16, Ron Yanker with 15 and Bruce Mills with 14.

Bill Rayburn

St. Mary's

The Dutchmen looked good against the team that later spelled ruin in the State Regional Tournament. Mills led in the 67-43 victory with 24 points, followed closely by Ron Yanker with 19.

John Dyn



Sumner

Winning a thriller over a strong Sumner team, the Dutch notched their seventh straight victory. Topping the Cleveland scorers were Mills with 16, Yanker with 14, Blasberg with 12 and Weber with 11.

Christmas Tournament

In the first round of the 3rd Annual Christmas Tournament the Dutch squad easily defeated Soldan, 67-53.

Losing to a fired up Beaumont team put the Dutchmen out of the tournament in which they had been seeded number one. The final score was 64-54.

Don Radentz

Hancock

The Cagers overpowered Hancock 70-36, advancing their record to 9-1. Ron Yanker collected 22 points and Bruce Mills had 19 to produce a two-man total greater than the entire Hancock team.

Beaumont

Out for revenge Cleveland scored an important psychological victory, beating the Blue Jackets 64-50. The entire first string scored in double figures. Mills led with 21; Yanker, Blasberg and Hasser each had 11; and Carl Weber scored 10.

McKinley

Cleveland, moving toward the league title, defeated the McKinley Goldbugs 46-41. Weber was high for the Dutch with 15.

DuBourg

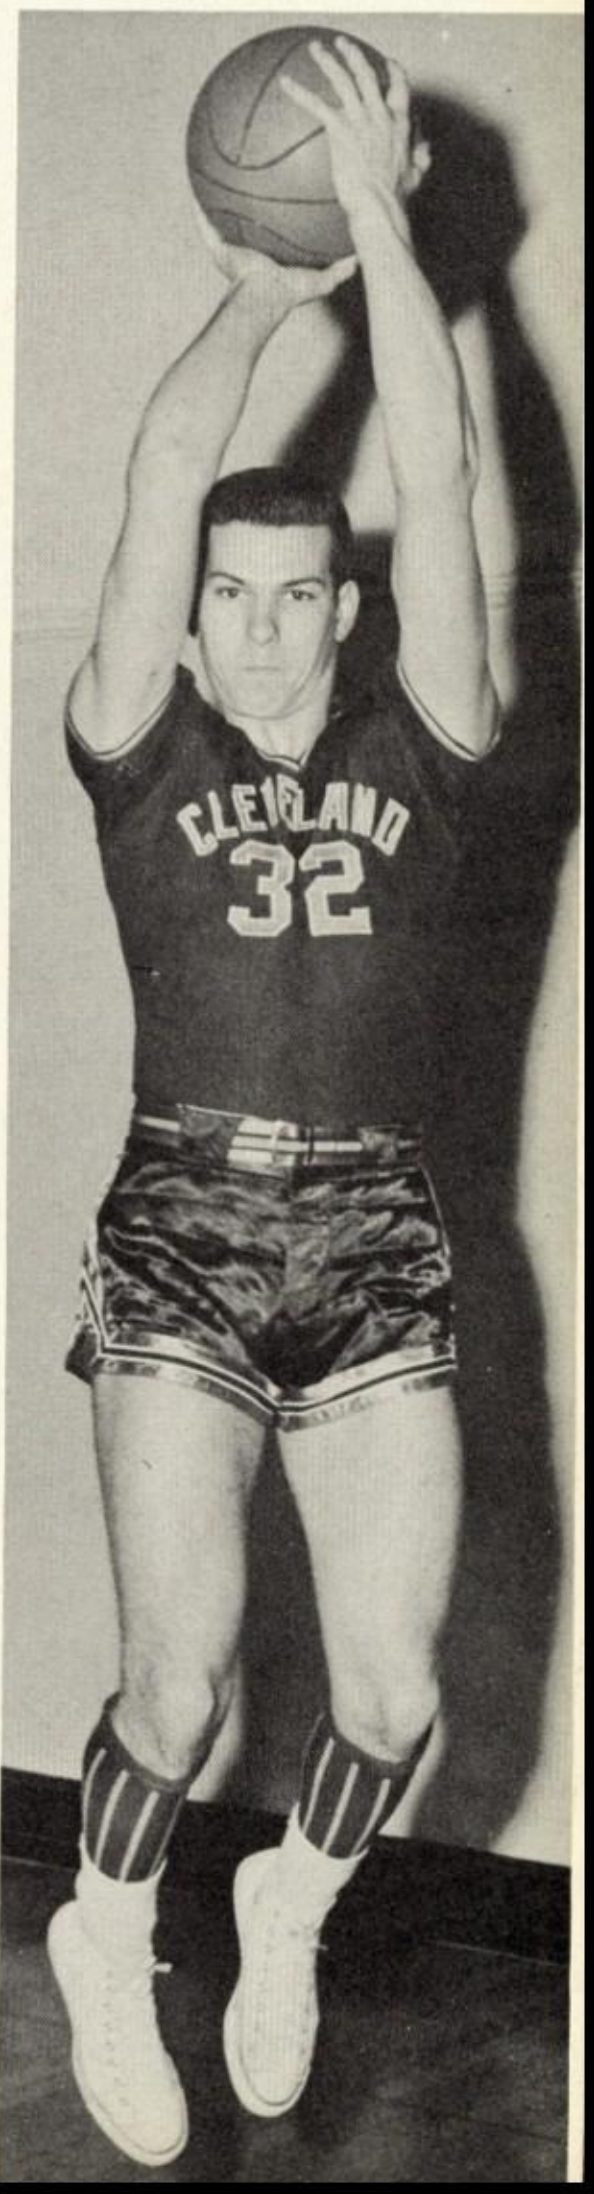
DuBourgs Cavaliers were the next to fall before the Dutch attack. The Jansenmen showed their ability with a 56-43 victory. Weber sparked the squad with 18 points. Due to mid-year graduation, this was the final contest for Bill Blasberg who had contributed so much to C.H.S. athletic activities.

Roosevelt

The Dutch racked up another victory when they defeated Roosevelt 58-47 on the losers court.

St. Louis U. High

Despite fine scoring by center Ron Yanker, who netted 20 points, Cleveland was beaten by a well-rounded Jr. Billikin squad (later to become undefeated Missouri State Champions). The Dutch, finishing only 8 points down, 56-48, lowered their record to 13 wins and 2 defeats.



Ron Phillips

John Wattler

Vashon

The Dutch league record moved to 6-0 when they whipped the Wolverines 62-51. Mills contributed 23 points to the team victory.

Southwest

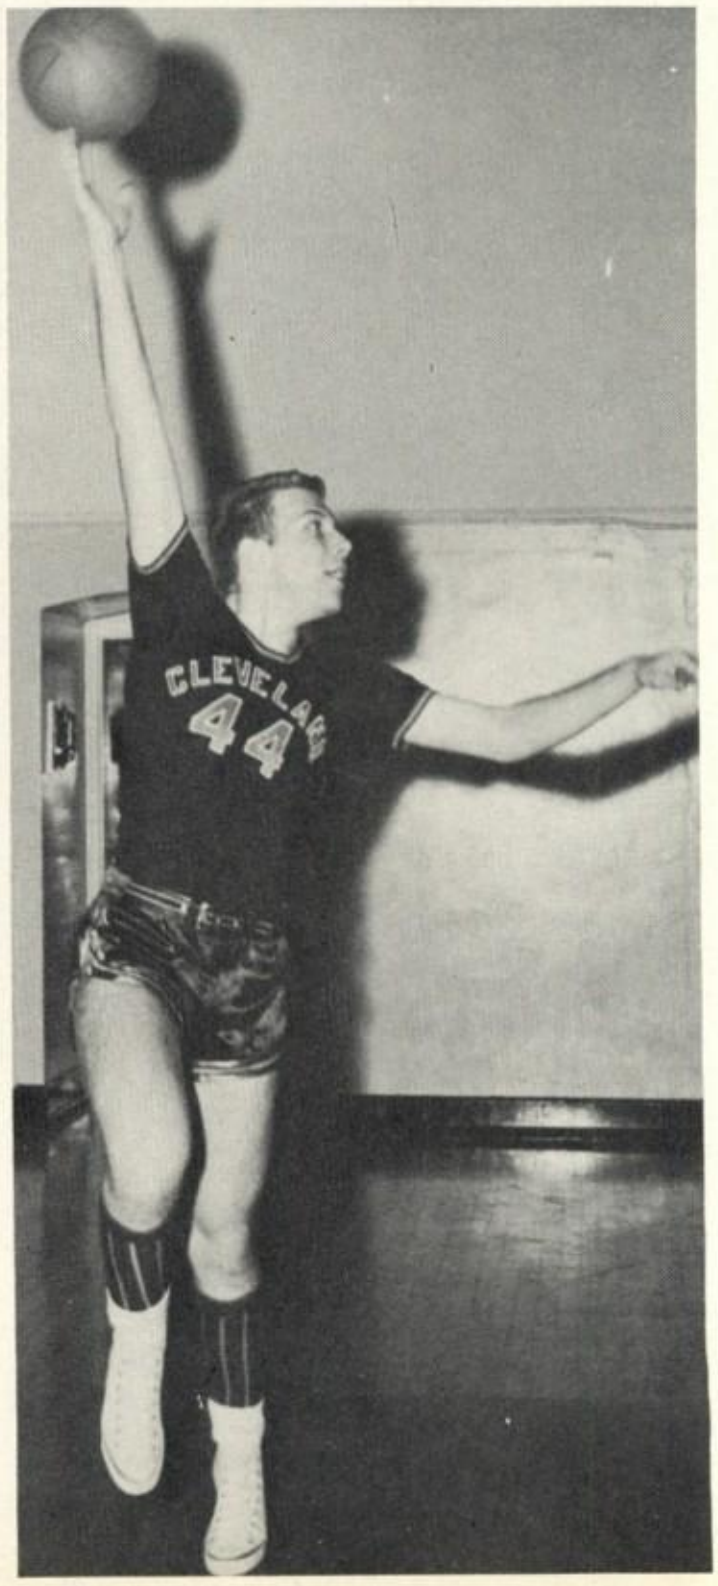
Defeating Southwest for the second time, the Dutch racked up a 73-53 score. High point man for the evening was Bruce Mills with 23.

Bill Rammes

Soldan

The Orange and Blue pushed over a strong Soldan squad by a score of 59-53. Carl Weber looped in 20 points to lead the Dutch in the scoring department.

Dave Brooman



Hadley

The Dutch clinched the Public League title when they beat a highly rated Hadley team. Led by Captain Mills with 17 points, the O. & B. won 58-55.

Roosevelt

The Castle Cagers completed a 9-0 undefeated league season when they defeated Roosevelt by a 47-36 final score. The Jansenmen held the lead during the entire contest, showing the spirit which prevailed throughout the entire season. Ron Yanker was high scorer with 15 markers.

State Regional Tournament

The Dutch lost to a ball controlling St. Mary's squad in the first round of the regional tourney, in spite of the second seeding which they had received.

This game marked the close of one of the most successful seasons ever enjoyed by a Cleveland High basketball team. Congratulations and good luck!

The "Red Castle" musclemen, defending City Champions, have had to contend with the loss of a great many of their senior stars, but are proving worthy of the title of City Champions. Just recently in C.H.S.'s own gymnasium the "Dutch" won a meet in which not only schools from St. Louis, but also schools from Illinois, were entered.

The best of luck to "Doc" Singer's boys in the completion of their season.

Congratulations, "Doc"!

If any of you readers have ever spent an enjoyable day at a swimming pool, you should be very envious of the boys on Cleveland's swimming team. They are swimming two hours a day, five days a week, and for five months of the school year. You may think that the boys get tired of this routine, but you're wrong. They enjoy every minute of their workouts, and some, if allowed, would do more. That spirit, which exists throughout the team, sparked by the leadership of Coach "Doc" Singer and co-captains Roland Hawkins and Roger Beuc, is what, more than ability, has made this year's team City Champions for the third consecutive year.

Row One: Don Smith. Row Two: Gus Frank, Charlie London. Row Three: Don Schaumber, Bob Lindecky, Herb Lehner. Row Four: Lionel Feeney, Bill Martin, Gary Couse, Stanley Knippel. Row Five: Coach Beckerle, Jim Warner, Bob Pieske, Charlie Schaeffer, Tom Haber.

Cross Country Team

The team, under the fine coaching of Mr. Robert Beckerle, had one of the finest turnouts in years for participation in Cross Country events. Other than the two senior captains, Charlie London and Gus Frank, there was only one other runner from last year's team, Robert Lindecke. The remainder of the runners were competing for the first time. The team made a fine showing, especially in the "B" Team Cross Country Run, where Cleveland captured third place. Although the team is losing four seniors, there are bright prospects for a championship team in '58.

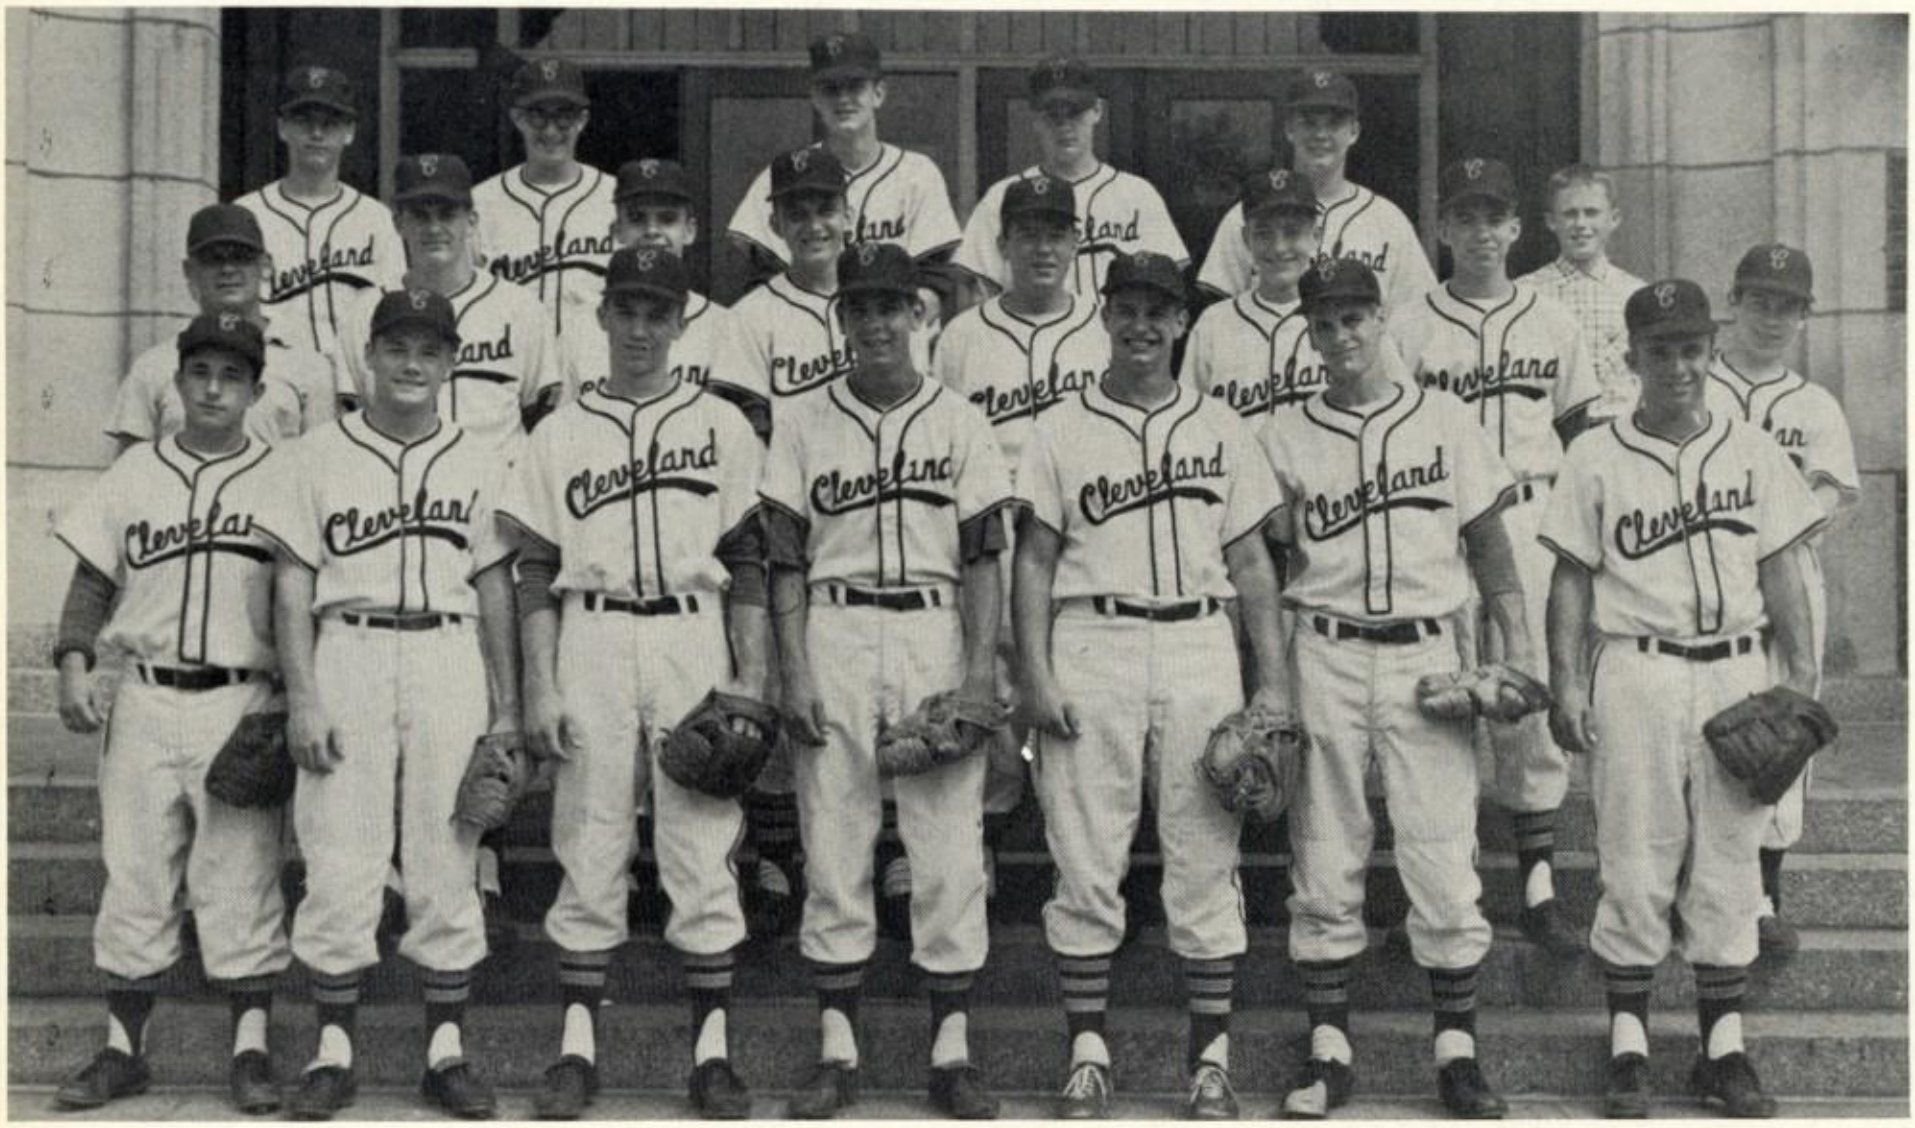
Row One: Skip Johnson, Don Jansen, Bill Blasberg, Baylor Kohut, John Claiborne, Bruce Mills, Charles Hasser. Row Two: Coach Jansen, Gus Frank, John Dyn, Ken Charney, Rich Thein, Gary Woods, Jim Van Buren, Steve Auberry. Row Three: Doug Kulik, Larry Biras, Ron Yanker, Gene Simmons, Fred Braun, Bill Siedhoff (mgr).



Displaying the same fine coaching ability as he has demonstrated throughout the years, Coach Jansen led the '57 Baseball Team to a second place berth in the Public League. The team's league record stood at 8-2, with an overall record of 10-5. Don Jansen, Dutch Captain, captured the league's batting crown with a .514 average. "D.J." was also voted onto the P.H.L. all-star team.

'57 Track Team

Sparked by a very strong Junior team, the cindermen showed an 8-5 record in dual meets. Leading the Junior team to 3rd place in the Interscholastic Meet were Captain Ray Wichmann and Rich Sheets, both excellent sprinters. Another contributor to the team's success was Russ Koch, a high jumper, who, along with Ray Wichmann, received medals for second and third places in the District Meet. In the shot put Bob Eisenhauer was a continual winner of first and second places. Another fine runner, Don Becker, was captain of the Senior team.

Row One: Bill Streitz (mgr.), Al Holst, Dale Desnoyer, Bob Eisenhauer, George Love, Don Becker (capt.), Ray Wichmann (capt.), Tom Brooks, Stan Parkinson, Boyd Bender, Rich Stuppe, John Held.
